FEATURED TOPICS

Building Your Personal Brand for Networking and Career Success

Each of us has a personal brand...Whether we've developed it intentionally or it has happened by accident. This session walks participants through a process for discovering and articulating their value proposition to create and manage their personal brand for career success.

Right People. Right Time. Right Skills. - Measurable ROI on Development Programs

Leadership simulations allow HR departments and leaders to evaluate employees' critical management skills -- such as dealing with a difficult PR issue or an unruly employee. In this session, learn the latest "in-box exercise" that can help us more effectively select and develop our organizations' managers and leaders.

Network Your Way To Success!

Whether you are currently working, out of work and need to land a new job, or in business for yourself, networking will bring you opportunity if done right. In this interactive seminar, you will learn a simple 5-step formula to build your world-class network and eliminate any fear, uncertainty and doubt about developing new relationships.

BIO

Shawna Simcik has been praised by audiences for her direct, "tell-it-like-it-is" attitude and recent DisruptHR Talks. She is often sought after to speak to audiences in corporate America, and alumni and students at local universities on topics ranging from attracting and retaining great talent to using social media in a job search. As a founding member of ICC, when she was only 26, she brings a unique perspective to emerging leaders and those who want to make a personal impact in their workplace.

DON'T TAKE OUR WORD FOR IT

"Shawna's session helped me see how difficult and challenging it can be to take an idea for change from paper to actual practice. I learned a lot!"

"This session definitely pulled me out of my comfort zone and made me think...Really think!"

"Shawna is excellent! Very personable and professional. She has helped motivate us to take pride in being successful within our organization. Very relevant examples to us."
